

Release Notes 1.8.1

03/08/03

The following items have been moved (migrated) to Production for use by Agencies beginning on March 8, 2003.

- The Pay Trans and CIDB will include an employee id for every action processed.
- Rhode Island locality (Geoloc Codes starting with 44) was updated from ‘Rest of US’ to Boston area.
- NOA 9627 will no longer be processed by the interface. Once error/exception reports have been validated, users will receive email notification to key a FEHB change. (Note: this transaction is processed during FEHB open season).
